HEALTH WITH CARE

MyLab™A50

Performing Everyday Care

Agility is the capability to move quickly and easily. With that in mind, we introduce MyLab™A50, a versatile ultrasound system designed for intuitive operation and high performance across all clinical settings. With the simplicity of the intuitive interface and workflow, our reliable ultrasound system is designed to improve your comfort during the scanning process. The integrated AI-driven tools act as a co-pilot in your daily routine, helping you to focus on what really matters: the health of your patients.

- Innovative design for efficient workflow
- Clinical versatility and performance
- Enhanced productivity

WIDE 13.3” TOUCHSCREEN

Widescreen multi-function tablet-like touchscreen for uncompromising ease of use.

21.5” LCD MONITOR

Large adjustable monitor with superior detail enhancement.

80’ BATTERY SUPPORT*

Fast boot and up to 80 minutes of full performance scanning with the system unplugged, enhancing operational efficiency with minimal delays at the Point of Care.

4+1 ACTIVE CONNECTORS

4+1 transducer connectors for immediate probe switching in fast-paced clinical settings.

GEL WARMER* & MODULAR PROBE HOLDERS

Customizable probe setup for an entirely unique configuration.

3 YEARS OF WARRANTY

The essential protection to keep your investment safe and running.

MyLab™A50

Clear-cut Design

MyLab™A50 ultrasound device is your professional partner that delivers top productivity with workflow-driven design and ultimate security technology in data collection management and sharing.

- Essential keyboard
- Comfortable typing experience
- Standard solution

- Easy cleaning
- Enduring construction
- Agent corrosion resistent
- Intelligent and comfortable touchpad

FAST WORKFLOW

One probe selection with wide range of optimized presets for immediate scanning, that combined with easyMode and easyColor let you manage presets with agility in just a few seconds.

AUTOMATIC OPTIMIZATION & WORKFLOW

Adaptive B-Mode and A.I. powered tools optimize images and workflow to obtain the best results even with challenging examinations.

A.I. BASED MEASUREMENTS

Artificial intelligence tools*, powered by Augmented Insight™, serve as a valuable co-pilot to support and enhance daily tasks across a broad range of applications.

EASY CONTROL

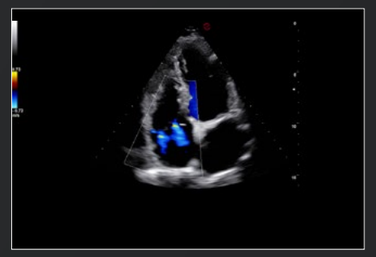

The intuitive gesture interaction with the 13.3” touchscreen promotes the workflow fluidity. The modular and customizable user interface improves your experience through the personalization of annotations, measurements, shortcuts and many others.
